

Protect What's Yours

Protecting your bank account comes in many forms, including being careful about how you use your debit card for transactions.

Tips to keep in mind when using your debit card:

- Be **aware** of your daily limits
- When given the choice, use your **PIN** for debit card transactions
- **Avoid** signature transactions when possible
- Let us know when and where you are traveling within the U.S. due to **high fraud areas** where transactions can be blocked
- **All foreign transactions** are blocked unless you call us beforehand
- Use extra **caution** with online purchases
- Consider writing "**See ID**" with your **signature** on the back of your card
- Refrain from using your debit card for **lodging, rental cars, and airline tickets**
